

Safety Data Sheet – Roxtec Lubricant

Fiche de données de sécurité – Roxtec Lubrifiant
Säkerhetsdatablad – Roxtec Lubricant

Updated: 2015-02-24

Replaces: 1000242-8

Internal doc no-rev: 1000242-9

1. Identification of substance

Commercial name:	Roxtec Lubricant
Use area:	Lubrication of Roxtec sealing system components
Manufacturer/supplier:	Roxtec International AB
Address:	Box 540, 371 23 Karlskrona, Sweden
E-mail:	info@roxtec.com
Web:	www.roxtec.com
Phone:	+ 46 455 36 67 00
Fax:	+ 46 455 820 12
Emergency phone:	+ 46 455 36 67 00, Monday-Friday from 8 am to 5 pm CET.

2. Hazards identification

Is not classified as hazardous agent.

3. Composition/Data on components

100% tallow from beef raw material of food grade.

4. First aid measures

Inhalation:	Not applicable.
Skin contact:	Not applicable.
Eye contact:	May cause irritation, rinse thoroughly with clean water.
Ingestion:	Not applicable.

5. Fire fighting measures

Suitable extinguisher:	Dry powder, foam or CO2.
Not suitable extinguisher:	Water.
Special precautions:	Heated beef tallow can cause flammable gases and irritation gases.
Special protective equipment:	-

6. Accidental release measures

Environmental precaution:	Do not allow the product to enter drains.
Methods for cleaning up:	Sweep up the material and rinse after with warm water.

7. Handling and storage

Handling:	No particular recommendations.
Storage:	No particular recommendation, cold is to be preferred if possible.

8. Exposure controls and personal protection

Engineer measures:	Not applicable.
Control parameters:	Not applicable.
Personal protection:	Not applicable.
Respiratory:	Not applicable.
Hands:	Not applicable.
Eye:	Goggles.
Skin:	Not applicable.

9. Physical and chemical properties

Appearance/Odour:	White fat with a slight odour of tallow.
Solubility:	Soluble in organic solvents, not soluble in water.
Boiling point:	Not applicable.
Flash point:	Approximately +280°C.
Density:	890 kg/m ³ .
Explosive properties:	Not applicable.

10. Stability and reactivity

Stability:	Stable under normal conditions.
Condition to avoid:	Extremely high temperatures.
Materials to avoid:	None.
Hazardous decomposition products:	Carbon monoxide and carbon dioxide when burning.

11. Toxicological information

Acute toxicity:	> 5 000 mg/kg, LD 50 (expected value).
-----------------	--

12. Ecological information

Persistence and degradability:	Expected to be biodegradable.
Aquatic toxicity:	Not toxic for water organisms.

13. Disposal considerations

Disposal of product:	No special recommendations.
Disposal of packaging:	No special recommendations.

14. Transport information

This product is not classified as hazardous material during transport.

15. Regulatory information

EU number:	None.
Symbols:	None.
P-phrases:	None.
S-phrases:	None.

16. Other information

The above information is based upon the state of knowledge at the time of publication. The data are given in good faith and are designed only as guidance to users of possible risks, and do therefore not constitute a guarantee of product quality or performance.
